If your business is not worth advertising in this paper.

A GOOD Christmas present to your far-away relative or friend—a year's subscription to the BRECKENRIDGE NEWS.

There is lots of money being paid out here for tobacco, hogs, wheat and cattle and just as soon as the farmers take it home, look at it and find it is all gone, and it will come to town and let it loose and times will be better. We predict a splendid holiday trade.

In the proper place in this issue, will be found the announcement of Mr. Andrew Driskell as a candidate for the Republican nomination for County School Superintendent. Mr. Driskell held the office one term and thinks now that it would be nothing but to think that his party should give him an endorsement. He has made a good officer, so far as the News is advised, by giving his whole attention to his business, visiting all the schools in the county as the law requires, and making a correct account of matters entrusted to his charge. If nominated he will make a strong race.

Owen Cunningham is announced this week for re-election to the office of County Court Clerk. Owen is a Republican, of course, a dyed-in-the wool one at that, but while from his past record, it is to be taken pleasure in saying he is a clever gentleman, a good citizen, and, so far as we know, has made a most excellent clerk. It seems from the present outlook that he will have no competition for the nomination and that his party recognizes him a good fighter and a sure winner. So far as the News is concerned, it is to be a Republican we know of none who would run against the office, and here's hoping that "Owen" may get there in good shape.

James Kehrle is also a candidate. He wants to be the Republican nominee for County Attorney. He was a candidate two years ago and was beaten by his present competitor, E. N. Miller. It was a neck and neck race then and it seems that the same ground will be fought over again. Mr. Kehrle is one of the most young men in the county, a good young lawyer, able, competent and worthy the office to which he aspires. The News takes pleasure in placing his name in its announcement column and commends him to its many Republican readers. Go in Jesus and beat Hester if you can.

R. N. Milam, the present County Attorney, is a candidate for re-election. His announcement appears in the News subject to the action of the Republican primary. He has held the office for five years being elected in 1891. His present term will expire in Jan. '98. It is perfectly natural that he should want an endorsement by his party at least. He has made a good officer and that means he has made some enemies in the faithful discharge of his duties. No man can make a good attorney and not offend some one, it may be his friend. Mr. Miller knows this but it's not hurting him very much. He is going right ahead without fear or falter, making a strong fight and a hard one. He is one of the best politicians on the Republican side of the house and the man that beats him for the nomination will have to get up early and late and do a good deal of hustling.

Christmas displays are all good this season and the trade began here a week ago. There is the usual cry of no money, but as Christmas approaches the people flock to town and the novelties disappear.

A Christmas tree has been talked of for the city hall, but the plans have not yet developed. The children are loaded with all manner of nice things, but to make a Christmas tree real attractive requires a large expenditure of money.

Mr. L. T. Nave, a tobacco buyer for Stuart & Co., of Louisville, was in this locality last week and bought upwards of a hundred thousand pounds of tobacco from our farmers. It is said that Mr. Nave's prices were sufficient to justify the parties delivering to Hawesville.

Tobacco was rolling in at Kehrle's warehouse last week in large quantities. The street was full of wagons for several days. Things presented a lively appearance. Tobacco still low in price but the farmers can help business when the week begins to move.

Hardinsburg has a very attractive display of Christmas toys and presents that will command a well filled pocket book if you wish to invest. The children seem to be making better use of the show windows than any one else. They turn out on the street once or twice a day to see what Santa Claus has to put on such things as they would like for him to put in their stockings.

Mr. B. F. Bond, I was confined to his bed last week about eight weeks. His family were quiet and he was able to get out one time last week. So much so in fact that Dr. Bailey, of Louisville was telegraphed for. When Dr. Bailey arrived he found that Mr. Bond was in a condition for the better, and there has been a gradual improvement ever since.

His physicians think now that he will recover permanently and be able to get out in a short time.

A Christmas entertainment will be given at the M. E. Church south for the benefit of the Home Mission society. The program is being arranged by Mrs. Thomas Withers, Miss Tula Miller and Miss Mary Board. The selections are the best that could be had for such an occasion and were selected by Mrs. Withers with a great deal of care. The program will be delightful.

Christmas entertainment it will be in keeping with the surroundings and every lady will be pleased.

Literary at Brandenburg Normal next Friday night come out. The new books have come and are a "joy forever." The pupils are reveling in them.

Mrs. James Fairleigh has returned from a protracted visit to her daughter, Mrs. Chappas Wathen, of Owensboro, very much improved in health, and we welcome her gladly.

Miss Agnes Malin can conduct, plan and arrange under a non-probationary school, but when the white-winged messenger came this column captured it. Try again, Agnes mine.

President Cleveland's message is nothing but good—conservative. His suggestion that Spain grant a large measure of home rule to Cuba will certainly bring about a favorable action.

I note that sweet little Ruth from Louisville about this column and will say that I feel so incomplete myself I wonder how I can add to the completeness of others. But that pen is ever sincere, truthful.

This short was bristling of gold, first-class news last week. The Louisville Evening Post wants to know and so do I who "Semo" is. He is "rich, rare and rare" and knows just how to wield a pen.

Miss Sallie Denton and Mrs. R. C. Malin have petitions for securing the post-office. Miss Sallie has the proviso "in the event of a change." Mrs. Malin has made an excellent post-mistress but if there is a change Miss Sallie is our choice.

Mrs. Eliza Nease, in her eightieth year, died last Saturday at her nephew's, Frank Webb's, of this place. "Aunt Eliza" was all affectionately called her, had fought a good fight and was ready for the summons. "To come up higher." She leaves two sons, several sisters and grand-children. She had pneumonia. She was a constant member of the Baptist church and a kind, good Christian woman who had every kind attention from friends and relatives. Interment in Brandenburg cemetery on Sunday at 9 o'clock.

Wedding bells rang out clear and sweet Tuesday evening at 8 o'clock. The brides were for Miss Margaret A. Ditt and the bridegroom was Mr. J. H. Ditt.

The bride was a beautiful, attractive girl of seventeen. Will Ditt is the son of Mr. and Mrs. Tom Howard and a prominent, popular young business man. The bride wore white parais maslin, veil which will become her fair, youthful face, and a train of unusual charms. The groom, always handsome, quite outdones him. Miss Lydia Clark, of Big Spring, looked charming as bridesmaid. Harvey Ditt was groomsmen—a large, fine-looking specimen of the genus homo. Miss Pearl Ditt, an accomplished musician, rendered the wedding music. After the ceremony a handsome reception was held when the happy couple came to Mr. and Mrs. Tom Howard's where they are at home to their friends.

Will Ditt has now just that never can give it.

But my dear young friends always remember.

The Lord and the Baptist's girl.

Will Ditt means to be faithful.

Also remember: "That the heart is a little more than the brain." The wife who looks towards me conclusions."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure takes internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution. It is the only medicine in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that fails to cure. Pittsford.

Notwithstanding the fact that it rained all Monday from early morning until night and snowing one of the most disagreeable days of the season the Republicans were here in large numbers looking after the action of the county committee.

This committee was to decide upon a time and place for holding either a primary or county convention to select candidates for the county ticket. The committee met in Judge Ahl's office. County Chairman Allen Kincheloe presiding. There were eighteen members of the committee and nearly all were present. Nearly all the candidates favored a primary election and desired it early. The committee, after a session of an hour, decided to hold a primary election Feb. 27.

The candidates for the various offices were all getting in their work. Those announced thus far are as follows: County Judge, Wm. Ahl; County Attorney, H. N. Miller; Jesse Fairbridge; County Clerk, Owen Cunningham; Jailer, Gus Shellman; Wm. Hawkins; James Perkins; James Day, Bud Bates; Robert Carter; Omitit Carter; Bill Jolly; Sherman Ball; Robert Weatherford; Amos, Henry Lake. The sheriff's ticket has not yet been made up.

It was reported here Monday that V. B. Burton, of Rock Vale, would likely lead the ticket.

It seems that there was a new wrinkle put on the new for the post-office at this place Monday. For some weeks the applicants for this office have been securing all the names Monday the word reached here, pertaining to come from Congressman Lewis, that the candidate who secured the endorsement of a majority of the members of the Republican County Committee would receive the appointment. The applicants therefore were busy securing the names of the members of the committee.

It was talked here Monday that John H. DeHaven, of Cloverport, would likely be a candidate on the Republican ticket for the nomination, either for County Judge or Sheriff. Mr. DeHaven was here himself, and the rumor is not based upon anything we have heard Mr. DeHaven say.

These, however, are suggestive: Silver Pocket Knives, Silver Buttons, Silver Mirrors, Silver Caskets, Silver Baskets, Silver Trunks, Silver Boxes, Silver Frames, Silver Pictures, Silver Albums, Silver Books, Silver Jewelry, and hundreds of other articles.

We shall be glad to hold, and deliver on Christmas Eve, anything you may wish to select at this time. Our prices are not holiday prices—they are regular prices, as low as we can make them. Open evenings until 9 o'clock.

Little Men and Women

We call them little men and little women, but they are neither. They have ideas and ways all their own. Fortunately they soon become fond of cod-liver oil, when it is given to them in the form of SCOTT'S EMULSION. This is the most valuable remedy in existence for all the wasting diseases of early life. The poorly nourished, scrofulous child; the thin, weak, fretting child; the young child who does not grow; all take Scott's Emulsion without force or bribe. It seems as if they knew that this meant nourishment and growth for bones, muscles and nerves.

Book telling more about it, free. It won't pay to try a substitute for Scott's Emulsion with the children. They will refuse the real thing. For sale at 50c. and \$1.00, by all druggists.

SCOTT & BOWNE, New York.

Have you, but such was the talk here among R-publians. The Republican candidate say they will go to work at once and make a thorough canvass. The primary is not to be very expensive as most of the officers have agreed to make their services gratis.

The Democrats, from appearances, don't seem to be doing much, but, in a quiet way, they are working for a very thorough organization. Every now and then a new candidate is heard of, but there will be no such scramble as the Republicans are having. They are casting about for the strongest men, and when the ticket is finally made up it will undoubtedly be a strong one.

RUSH IF YOU WANT 'EM

Last week our stock of Holiday Goods was opened to the public, great throngs visited our store to see the magnificent displays. It was one of the largest we have ever made and this is saying a great deal, as we, each year have had splendid ones. But this year we ourselves acknowledge it's surpemenacy over all others.

To-day You See It, To-morrow It's Gone

As the lady said yesterday when she had some pretty novelties laid aside for her. How aggravating it is to come back after something you saw yesterday and find it gone. But an army of enthusiastic buyers are passing down the counters, gathering gifts for the loved ones. Here's a present for Father, and then one for Mother, then Sister and Brother and then there's the girl's best fellow, and the fellow's best girl, they are all out seeking for something for a gift. No wonder the crowds grow bigger each day and the shelves are growing emptier. If you want a present COME THIS WEEK.

THE JAPANESE.

Curious, quaint people ain't they. To see them on exhibition one would not think they could do anything, yet they excel all other nations in fine delicate Chinaware. We have just received direct from this land of curious people a line of Tokio

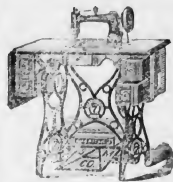

ware for delicacy and richness, was never seen in this city before. In this line is some of the quaintest designs you ever saw. If you want a rare present, here is a chance to get one that is high up in the pottery art. Admirers of this ware will do well to see this line at once.

Then there are our Overcoats, Shirts and nice Hats, Ties, Collars and Cuffs, all come in for their share of praise, they all make fine Christmas presents and great stacks to select from

CLOTHING

Childs Sewing Machine.

Little girls here is the boss present of the season. A real Sewing Machine that does the work of a \$40 or \$50 machine. No parts to get out of order.

The machine is almost like the picture here except it has no drawers as shown in the engraving, yet as to the sewing quality it can't be beat. Make your own clothes and dollies too. Learn the little ones to sew, it will give them ideas that will be a benefit to them when grown. Only two more left.
